

Bank FAQ Dataset

- 1. How do I open a bank account?** You can open a bank account by visiting a branch or applying online with valid identification and proof of address.
- 2. What types of accounts are available?** Common types include savings accounts, checking accounts, and fixed deposit accounts.
- 3. What documents are required to open an account?** Typically, you need a government-issued ID, proof of address, and sometimes an initial deposit.
- 4. How do I reset my online banking password?** You can reset it via the bank's website or mobile app using your registered email or phone number.
- 5. What is a checking account?** A checking account allows easy access to your money for daily transactions like withdrawals, deposits, and payments.
- 6. What is a savings account?** A savings account is designed for storing money and earning interest over time.
- 7. How do I apply for a debit card?** You can apply during account opening or request one later at a branch or through online banking.
- 8. How do I apply for a credit card?** Submit an application online or at a branch. Approval depends on credit history and income.
- 9. What is the minimum balance requirement?** It depends on the account type. Some accounts have no minimum, while others require a set balance to avoid fees.
- 10. How can I check my account balance?** You can check via online banking, mobile app, ATMs, or by visiting a branch.
- 11. What are bank fees?** Bank fees may include account maintenance fees, ATM withdrawal fees, overdraft fees, and transaction charges.
- 12. How do I transfer money to another account?** You can use online banking, mobile apps, wire transfers, or visit a branch.
- 13. What is an overdraft?** An overdraft occurs when you spend more money than your account balance. Banks may charge interest or fees for overdrafts.
- 14. How do I deposit money into my account?** Deposits can be made at ATMs, via mobile check deposit, online transfers, or at a branch.

15. How do I withdraw cash? Withdrawals can be done at ATMs, teller counters, or via online transfers to other accounts.

16. What is online banking? Online banking allows you to manage your accounts, pay bills, transfer money, and check balances via the internet.

17. What is mobile banking? Mobile banking is using a smartphone app to perform banking tasks anytime, anywhere.

18. How secure is online banking? Banks use encryption, two-factor authentication, and monitoring systems to protect your account.

19. Can I set up automatic bill payments? Yes, you can schedule recurring payments through online or mobile banking.

20. What is a bank statement? A bank statement is a record of all transactions in your account for a specific period.

21. How often are bank statements issued? Typically monthly, but some banks offer quarterly or online statements on demand.

22. How do I report a lost or stolen card? Immediately call your bank's customer service to block the card and request a replacement.

23. What is a wire transfer? A wire transfer is an electronic transfer of funds from one bank account to another.

24. How long does a wire transfer take? Domestic transfers may take 1–2 business days, while international transfers may take 3–5 business days.

25. What is a fixed deposit? A fixed deposit is a savings product where you deposit money for a set term and earn interest.

26. How do I close my bank account? Visit your bank branch with identification and settle any pending transactions before closing.

27. What is a bank loan? A bank loan is borrowed money that must be repaid with interest over a specified period.

28. What types of loans are available? Common types include personal loans, home loans, car loans, and business loans.

29. How do I apply for a loan? Submit an application online or at a branch with required documents such as ID, income proof, and credit history.

30. What is interest rate? An interest rate is the cost of borrowing money or the earnings on savings, expressed as a percentage.

31. What is a credit score? A credit score measures your creditworthiness based on repayment history and financial behavior.

32. How can I improve my credit score? Pay bills on time, reduce debt, avoid multiple credit applications, and maintain healthy account balances.

33. What is an ATM? An Automated Teller Machine (ATM) allows you to withdraw, deposit, or check your account balance.

34. Can I use any ATM for withdrawals? You can use most ATMs, but fees may apply if the ATM is not part of your bank's network.

35. What is a bank branch? A branch is a physical location where you can access banking services.

36. How do I update my personal information? Update your information online or visit a branch with proof of the new details.

37. Can I have multiple accounts in the same bank? Yes, banks allow customers to open multiple accounts for different purposes.

38. What is a recurring deposit? A recurring deposit allows you to deposit a fixed amount every month to earn interest over time.

39. What is a statement of account? It is a summary of transactions and account balance over a period.

40. How do I set up account alerts? You can enable SMS or email notifications via online banking or mobile app.

41. What is an EFT? Electronic Funds Transfer (EFT) is a digital method to move money from one account to another.

42. What is mobile check deposit? A feature that allows you to deposit checks by taking a photo with your mobile banking app.

43. What is a savings plan? A structured plan to save money regularly for specific goals.

44. How do I dispute a transaction? Contact your bank immediately with details of the disputed transaction.

45. What is online bill pay? A service to pay utility bills, credit cards, and other payments electronically.

46. Can I schedule future payments? Yes, many banks allow scheduling payments in advance through online banking.

- 47. What is a safe deposit box?** A secure box in a bank vault to store valuables and important documents.
- 48. How do I rent a safe deposit box?** Visit a branch and provide identification, sign an agreement, and pay the rental fee.
- 49. What is a bank holiday?** Days when banks are closed due to public holidays or special observances.
- 50. How can I contact customer service?** Via phone, email, online chat, or by visiting a branch during working hours.
- 51. What is a standing instruction?** A standing instruction is an automatic instruction to the bank to make regular payments from your account.
- 52. How do I link my account to digital wallets?** You can link your account using the wallet app by entering account details or debit/credit card information.
- 53. Can I open a joint account?** Yes, a joint account can be opened with one or more persons sharing the same account.
- 54. What is a bank overdraft limit?** It is the maximum amount you can overdraw from your account as permitted by the bank.
- 55. What is a personal identification number (PIN)?** A PIN is a secret numeric password used to authenticate transactions at ATMs or online.
- 56. What is mobile banking security?** Security measures include passwords, PINs, biometric authentication, and encryption.
- 57. What is a cheque?** A cheque is a written order instructing a bank to pay a specific amount from your account.
- 58. How do I stop a cheque payment?** Contact your bank immediately with the cheque details to request a stop payment.
- 59. What is a bank guarantee?** A bank guarantee is a promise by the bank to cover a client's financial obligations if they fail to do so.
- 60. How do I apply for a bank guarantee?** Submit an application at your bank with the required documentation and collateral if needed.
- 61. Can I set transaction limits on my account?** Yes, you can request daily or per-transaction limits through online banking or branch services.
- 62. What is two-factor authentication (2FA)?** A security method requiring two forms of verification, e.g., password and OTP, to access your account.

63. How do I cancel a recurring payment? You can cancel via online banking, mobile app, or by contacting customer service.

64. What is a bank routing number? A routing number identifies a bank branch for processing transactions like wire transfers or checks.

65. How do I activate my new card? Follow instructions provided with the card, usually by calling a number or through online banking.

66. Can I deposit foreign currency? Yes, some banks accept foreign currency deposits, subject to bank policies.

67. What is the difference between debit and credit cards? Debit cards use funds directly from your account, while credit cards borrow money from the bank up to a limit.

68. How do I set up alerts for low balance? Enable notifications via SMS or email through online or mobile banking.

69. Can I apply for a loan online? Yes, many banks offer online applications for personal, home, or car loans.

70. What is a nominee in a bank account? A nominee is a person designated to receive funds from your account in case of your demise.

71. How do I change my account type? Visit a branch or request online to upgrade or switch your account type.

72. Can I use my account internationally? Yes, with international debit/credit cards and proper bank notifications.

73. How do I apply for a student account? Provide student ID and required documents at the branch or online during application.

74. What is a microloan? A small loan provided to individuals or small businesses, usually with lower interest rates.

75. How do I provide feedback about banking services? Submit feedback via customer service, online forms, or at a branch.
